Another Successful Trip!

Graduations! Graduations! Graduations!

On this trip we graduated the students who completed Dr. John C Maxwell's EQUIP Leadership Training course. We graduated a class of students in Kigali, Rwanda from the Volume 1 material, a class in the city of Kabale, Uganda who completed Volume 2 and a class from Entebbe, Uganda who completed Volume 3.

Kigali, Rwanda

Since it takes three years to complete a volume, that means we have been

teaching and training in Entebbe for a total of nine years! Amazing! When we go back to the same place over and over our students become very good friends and like family to us.

Kigali

Our Wonderful Team

wants to spend time in a shopping center. And once again, the team wanted to go on Safari to the Murchison Falls game park. The ten days the team was in Uganda was filled to the brim with activity. But by and far the most impacting activity was being with the children of TKPS. It is hard to explain the feelings when a sponsor is able to meet their sponsored child or teacher and spend time talking and interacting with them. Tears flow easily!

The team was able to visit the equator and watch a demonstration of how water swirls in opposite directions when on opposite sides of the equator. We also enjoyed an Africa cultural show at the Ndere Cultural Center. For some reason everyone who comes with us

A gift for Mama Jennifer

And finally, the newly formed Muwendo Children's Choir from our school is planning to travel to America. We get to host them at Grace Sturgis for six months. Jennifer and I will be functioning as the tour coordinators. The choir will be doing concerts in the Midwest and south as far as South Carolina. And so, another adventure begins! Thank you for your ongoing support of SMPI. You are an integral part of what we are able to do. We love you dearly!

Kabale, Uganda

Entebbe, Uganda

A team of three friends from home joined us in Kampala to work with Treasured Kids Primary School. What a fun time we had teaching Bible lessons in their classes,, singing songs with them and just loving them. Lots of hugs were shared. The team also visited the farm and ministered to our farm manager Vincent and his wife Elizabeth while there. We continue to pray and ask God to help us get the farm to a point of self sufficiency—a big challenge.

Love and Blessing!
